

Tulpar Technic

CAPABILITY LIST (Part-145 ref. № EASA.145.0581)

Note 1: The given change dated **08 Feb 2017 revision 3** cancels all previous.

Note 2: Vertical lines are put on the left edge of pages to show the location of revised items.

Rating	Description	Part number	Manufacturer	Type of activities	Applicable CMM
C5	Aircraft Battery	024054-000 (Model 257CH-9)	SAFT	Up to and including overhaul	24-32-01
C5	Aircraft Battery	024055-000 (Model 427CK-1)	SAFT	Up to and including overhaul	24-32-09
C5	Aircraft Battery	441CH1	SAFT	Up to and including overhaul	24-30-12
C5	Aircraft Battery	022835-000 (1756-3)	SAFT	Up to and including overhaul	24-32-06
C5	Aircraft Battery	024637-000 (1756-1)	SAFT	Up to and including overhaul	24-32-06
C5	Aircraft Battery	025930-000 (Model 4317CH1)	SAFT	Up to and including overhaul	24-30-99, OMM
C5	Aircraft Battery	024643-000 (Model 4017CH3)	SAFT	Up to and including overhaul	24-32-10
C5	Aircraft Battery	024147-000 (Type 539CH-1 5319CH1)	SAFT	Up to and including overhaul	24-31-07
C5	Aircraft Battery	025962-000 (539CH2)	SAFT	Up to and including overhaul	24-32-21
C5	Aircraft Battery	018550-000 (4579)	SAFT	Up to and including overhaul	24-31-05
C5	Aircraft Battery	4078-2 (40678-2)	SAFT	Up to and including overhaul	24-31-15
C5	Aircraft Battery	024453-000 (Model 4078-3 40178-24 40178-26)	SAFT	Up to and including overhaul	24-32-05
C5	Aircraft Battery	025897-000 (176CH)	SAFT	Up to and including overhaul	24-30-99, OMM
C5	Aircraft Battery	025255-000 (176CH3)	SAFT	Up to and including overhaul	24-32-19
C5	Aircraft Battery	176CH6	SAFT	Up to and including overhaul	24-30-99, OMM
C5	Aircraft Battery	025271-000 (Model 4318CH24)	SAFT	Up to and including overhaul	24-32-20
C5	Aircraft Battery	015920-000 (40176-4 40176-7)	SAFT	Up to and including overhaul	24-32-03
C5	Aircraft Battery	151CH1, 151CH2	SAFT	Up to and including overhaul	24-33-96
C5	Aircraft Battery	1201 (12101)	SAFT	Up to and including overhaul	24-41-01
C5	Aircraft Battery	1656-6	SAFT	Up to and including overhaul	24-31-19
C5	Aircraft Battery	1658-6	SAFT	Up to and including overhaul	24-31-20

C5	Aircraft Battery	2376 (2376-1, 2376-4)	SAFT	Up to and including overhaul	24-30-99, OMM
C5	Aircraft Battery	2378-2	SAFT	Up to and including overhaul	24-30-00
C5	Aircraft Battery	2758	SAFT	Up to and including overhaul	24-38-51
C5	Aircraft Battery	2778-1	SAFT	Up to and including overhaul	24-30-00
C5	Aircraft Battery	2778-4	SAFT	Up to and including overhaul	24-31-91
C5	Aircraft Battery	276CH1	SAFT	Up to and including overhaul	24-30-24
C5	Aircraft Battery	276CH10	SAFT	Up to and including overhaul	24-30-99, OMM
C5	Aircraft Battery	405CH10	SAFT	Up to and including overhaul	24-32-18
C5	Aircraft Battery	405CH23	SAFT	Up to and including overhaul	24-32-13
C5	Aircraft Battery	4071-1 (4071-10)	SAFT	Up to and including overhaul	24-30-99, OMM
C5	Aircraft Battery	409CH2	SAFT	Up to and including overhaul	24-30-25
C5	Aircraft Battery	437CH14	SAFT	Up to and including overhaul	24-30-99, OMM
C5	Aircraft Battery	4076 (4076-1)	SAFT	Up to and including overhaul	24-30-99, OMM
C5	Aircraft Battery	4076-10 (4076-23)	SAFT	Up to and including overhaul	24-31-41
C5	Aircraft Battery	26108	SAFT	Up to and including overhaul	24-30-00
C5	Aircraft Battery	40118-2	SAFT	Up to and including overhaul	24-30-00
C5	Aircraft Battery	M3-XX-XX	Marathon	Up to and including overhaul	24-34-08
C5	Aircraft Battery	30874-001	Marathon	Up to and including overhaul	24-34-02
C14	Wheels	5012373	Meggitt (MABS)	Up to and including overhaul, except Heli-Coil insert repair, machine bearing bore repair, thermal spray repairs, bushing repairs, turn repairs, ream repairs, weld repairs, machining repairs, shot peening, re-application of sulfuric acid anodize, chromic anodize and cadmium plating, chemical methods of paint and corrosion removal, hardness inspection	AP-767 32-42-28
C14	Wheels	5010598, 5010598AB, 5010598-1, 5010598-1AB	Meggitt (MABS)	Up to and including overhaul, except hub pilot replacement, thermal spray repairs, bushing repairs, turn repairs, grease seal seat and snap ring groove epoxy repairs, ream repairs, weld repairs, machining repairs, shot peening, reapplication of sulfuric acid anodize, chromic anodize and cadmium plating, chemical methods of paint and corrosion removal	AP-714 32-46-27

C14	Wheels	5010571 5010571-1 5010571-2	Meggitt (MABS)	Up to and including overhaul, except inboard bearing cup bore flame spray repair (R1-1), inboard bearing cup bore bushing cup repair(R1-2), outboard bearing cup bore flame spray repair(R2-1), outboard bearing cup bore bushing cup repair(R2-2), key screw hole repair(R3), inflation valve hole repair(R4), pressure release plug hole repair(R5), fusible plug hole repair(R6), hub cap screw hole repair(R7), tab weld repair(R8), lockring groove repair(R9), ream-bored repairs, shot peening, re-application of sulfuric acid anodize, chromic anodize and cadmium plating, chemical methods of paint and corrosion removal, Hardness test method II (Rockwell or Brinell Impression test)	AP-715 32-40-98
C14	Wheels	3-1563 3-1563-1	Goodrich	Up to and including overhaul, except slimsert and Heli-Coil insert and twinsert repair, machine bearing bore repair, thermal spray repairs, bushing repairs, turn repairs, ream repairs, weld repairs, machining repairs, shot peening, re-application of sulfuric acid anodize, chromic anodize and cadmium plating, chemical methods of paint and corrosion removal, hardness inspection	32-48-22
C14	Wheels	3-1560	Goodrich	Up to and including overhaul, except slimsert and Heli-Coil insert and twinsert repair, machine bearing bore repair, thermal spray repairs, bushing repairs, turn repairs, ream repairs, weld repairs, machining repairs, shot peening, re-application of sulfuric acid anodize, chromic anodize and cadmium plating, chemical methods of paint and corrosion removal	32-48-23
C14	Wheels	3-1599	Goodrich	Up to and including overhaul, except slimsert and Heli-Coil insert and twinsert repair, machine bearing bore repair, thermal spray repairs, bushing repairs, turn repairs, ream repairs, weld repairs, machining repairs, shot peening, reapplication of sulfuric acid anodize, chromic anodize and cadmium plating, chemical methods of paint and corrosion removal, hardness inspection	32-48-30

C14	Wheels	3-1609-1	Goodrich	Up to and including overhaul, except slimsert and Heli-Coil insert and twinsert repair, machine bearing bore repair, thermal spray repairs, bushing repairs, turn repairs, ream repairs, weld repairs, machining repairs, shot peening, re-application of sulfuric acid anodize, chromic anodize and cadmium plating, chemical methods of paint and corrosion removal, hardness inspection	32-48-28
C14	Wheels	3-1610 3-1610-1	Goodrich	Up to and including overhaul, except slimsert and Heli-Coil insert and twinsert repair, machine bearing bore repair, thermal spray repairs, bushing repairs, turn repairs, ream repairs, weld repairs, machining repairs, shot peening, re-application of sulfuric acid anodize, chromic anodize and cadmium plating, chemical methods of paint and corrosion removal	32-48-29
C14	Wheels	3-1531-1 3-1531-3	Goodrich	Up to and including overhaul, except Heli-Coil insert repair, machine bearing bore repair, thermal spray repairs, bushing repairs, turn repairs, ream repairs, weld repairs, machining repairs, shot peening, re-application of sulfuric acid anodize, chromic anodize and cadmium plating, chemical methods of paint and corrosion removal, hardness inspection	32-41-13
C14	Wheels	3-1530	Goodrich	Up to and including overhaul, except Heli-Coil insert repair, machine bearing bore repair, thermal spray repairs, bushing repairs, turn repairs, ream repairs, weld repairs, machining repairs, shot peening, re-application of sulfuric acid anodize, chromic anodize and cadmium plating, chemical methods of paint and corrosion removal, hardness inspection	32-41-20
